

Aristea Sauvignon / Semillon, Elgin 2019

White | South Africa | Stellenbosch | 13.5% | Dry, crisp white

Vegan

CODE: AC650193

Whilst Stellenbosch luxuriates under blue skies and hot sun, Elgin will frequently be in low cloud or even mizzle, making it perfect for Sauvignon and Semillon and giving the wines a zip of freshness. Aristeia's fresh, grassy Sauvignon allies beautifully with the juicy waxy Semillon making it satisfyingly complete on the palate.

Suitable for Vegans.

"A Sauvignon Blanc blend with 25% Semillon in the style of Pessac-Leognan. Green herbal and smokey with wet stone, grapefruit and mange tout flavours and expressive 25% new wood." Tim Atkin MW, South Africa Review 2020

"The 2019 Aristeia Semillon/Sauvignon, made by Matt Krone (host of a memorable Spectator Winemaker Lunch) from carefully sourced cool-climate Elgin fruit, is another beauty. Sauvignon-dominant, it's fresh, lively and enticingly concentrated with a deliciously complex mix of honey, greengage and quince on the finish." - Jonathan Ray, The Spectator, 22nd April, 2024.

Tasting Notes

This is the third vintage of Aristeia's popular Sauvignon Blanc (75%) / Semillon (25%) blend made from fruit sourced in Elgin's cooler climate vineyards. The Sauvignon was aged for 9 months in large 500 litre barrels with just a quarter of them new. The Semillon was aged in a single 500 litre barrel. Just 2,330 bottles were made for international distribution, so don't miss it!

75cl Bottle
