

Château Peymouton, Grand Cru St Emilion 2023

Red | France | Bordeaux | 13.5% | Full-bodied red

CODE: PE580233

Vivid purple, with silky black fruit on the nose, black plums and damsons, bramble fruit too, vanilla infused with a light creamy hint. Ripe black skinned fruits on the palate with a bright, red fruit overtone, wood spice and super fresh, focused and with a lovely energy. The lighter structure will allow for early drinking of this really pretty wine which ends mineral and fresh. Drink 2027-2033

Tasting Notes

When Château Laroque was promoted to classified growth, part of the vineyard was not included and became Château Peymouton; a spanking new cellar was built to comply with appellation rules and the vineyards and cellars are run entirely by the same team as Château Laroque. The vineyards lie to the east of St Emilion, on a windy plateau where the clay on limestone soil makes for a cooler, fresher wine.
