

Enrique Foster Finca Los Altepes Limited Selection Malbec 2022

Red | Argentina | Uco Valley | 14% | Full-bodied red

Vegan

CODE: BF840223

In complete contrast to the straight Malbec, the single vineyard Finca Los Altepes Limited Selection is a much more serious wine with a tight, mineral, black fruited nose, with substantial smoky dark fruits, liquorice, much more reserved, but with a fabulously long, evolving finish; incredibly moreish and savoury.

Tasting Notes

From vines grown at 1,250 metres above sea level in Mendoza's Uco Valley on alluvial soils with limey river stones and minerals gained from the natural irrigation from melting Andean ice. The grapes are hand-harvested and the wine, made by stellar winemaker Mauricio Lorca, is aged for 12 months in French and American oak. Production is limited to just one bottle of wine per vine.
