

Rijk's Touch Chenin Blanc, Tulbagh 2023

White | South Africa | Tulbagh | 14% | Full-bodied white

CODE: RJ150233

The 'Touch' in the name refers to the very small amount of oak used on this wine, giving it an extra peachy, grilled note. Fresh and vibrant, with a distant semitropical note, this is a glorious introduction to South African Chenin.

Tasting Notes

Tulbagh is some way north of Stellenbosch and east of Swartland, on the edge of the winelands and in a natural amphitheatre created by three mountain ranges. Rijk's belongs to the Dorrington family who planted their vines in the late 1990s, focusing on Chenin, Pinotage and Syrah which thrive on their shale soils.
