

Château du Puy Faure, Bordeaux Supérieur 2018

Red | France | Bordeaux | 14.5% | Full-bodied red

CODE: PF050183

Produced from 13 hectares in the Fronsac hinterland; rich red and black fruits, some tar and distant vanillin notes, plummy and supple and frankly delicious.

"A classic elegant, mature Bordeaux. Interestingly made in stainless steel with staves rather than in barrels which preserves its freshness - and keeps the price down." Fiona Beckett

Tasting Notes

We are always on the lookout for exciting and interesting new wines and Puy Faure absolutely fits that bill. Previously, the wine made by the Charpentier family was sold in bulk to the négociants, a very common practice, but the current generation, the fourth, have decided to bring some of the sales back in house from 2023.
